Sony Mobile RoHS 2 Compliance Statement

All electric and electronic equipment placed on the market by Sony Mobile Communications and its legal entities are compliant with the requirements laid down in Directive 2011/65/EC¹ (the EU RoHS 2 directive).

Accordingly, Sony Mobile Communications products do not contain any of those substances listed in article 4(1) of that directive, except for what is permitted in article 2 and for those uses exempted under Annex III to the directive.

To contact Sony Mobile Communications or for more information on our products, please visit the Sony Mobile Communications website <http://www.sonymobile.com> or e-mail: sustainability@sonymobile.com.

¹DIRECTIVE 2011/65/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment
